

JANUARY, 2016

Thank you for your interest in our courses. Below you will find more information on **Interpreter Prep's NBCMI WRITTEN EXAM Prep Course** which will prepare you for the **written component** of the NBCMI Medical Interpreting Certification Exams.

You get 2 months of access to the course study modules which contain **15 hours of instruction** in the form of videos and pdf files which cover the following topics:

- Medical Terminology
- Medical Specialties: knowledge on each specialty: anatomy, physiology, signs and symptoms, diseases, diagnostic studies, notions of treatments frequently prescribed or indicated.
- Ethics and Standards of Practice
- Culture
- HIPAA
- Roles of the interpreter
- Title VI
- Modes of Interpreting
- Interpreting Protocols

Quizzes are also provided.

This course does not provide any medical terminology in Spanish, Cantonese, Chinese, Korean, Russian, etc. because the NBCMI **written exam is only offered in English** so *you do not need any language-specific training.*

Click on the following link to inform yourself on the prerequisites for the NBCMI Exams

NBCMI Exam Prerequisites: <http://www.certifiedmedicalinterpreters.org/prerequisites>)

The enrollment fee is \$220.00. Please remember: financing is available (you can pay the enrollment in 6 installments through PayPal Credit Program) and we offer you a **2 week money-back guarantee. No other course gives you this guarantee!**
